

17th Scandinavian Symposium on Chemometrics

Comwell Hvide Hus, Aalborg, Denmark

September 6-9, 2021

This is to certify that *Ivan Krylov* participated to the SSC17 conference in Aalborg, with the presentations:

- *Modelling of scattering signal for direct PARAFAC decomposition of excitation-emission matrices*
- *Stochastic optimisation as a straightforward strategy for laser-induced calibration-free breakdown spectroscopy*
- *Interpolation of scattering signal before PARAFAC processing of EEM-fluorescence spectra*

A handwritten signature in black ink, appearing to read 'Åsmund Rinnan'.
